## **The Great Reset: A Unique Twin Summit to Begin 2021**

“COVID-19 has accelerated our transition into the age of the Fourth Industrial Revolution. We have to make sure that the new technologies in the digital, biological and physical world remain human-centred and serve society as a whole, providing everyone with fair access,” Klaus Schwab said.

- “The Great Reset” will be the theme of a unique twin summit in January 2021, convened by the World Economic Forum.
- “The Great Reset” is a commitment to jointly and urgently build the foundations of our economic and social system for a more fair, sustainable and resilient future.
- It requires a new social contract centred on human dignity, social justice and where societal progress does not fall behind economic development.
- The global health crisis has laid bare longstanding ruptures in our economies and societies, and created a social crisis that urgently requires decent, meaningful jobs.
- The twin summit will be both in-person and virtual, connecting key global governmental and business leaders in Davos with a global multistakeholder network in 400 cities around the world for a forward-oriented dialogue driven by the younger generation.
- The announcement of the Great Reset is made by HRH The Prince of Wales and Klaus Schwab during a virtual meeting today at 14:30 Central European Summer Time and can be followed [here](#)
